top industry experts and  
BIT colleagues

Cross-disciplinary  
approach to policies,  
procedures & guidance

Real-time response to  
current events

Investment in professional  
development

# SUPER MEMBERSHIP

## A Closer Look At What's Included

### Access to NABITA Training & Certification Courses

Learn from top practitioners, with both in-person and online options available. NABITA is the premier association for behavioral intervention team training, offering several courses to meet the growing demand for new and unique professional development opportunities.

### Digital Badges

In addition to the certificates of completion provided by NABITA following a certifying event, we also offer personalized digital badges that you can share on your LinkedIn, Facebook, Twitter, and email signature to showcase your verified accomplishment!

### BIT in a Box Toolkit

For those serving on a BIT, it is important to seek out professional development opportunities to be well-trained on industry best practices and the specific functions of your role. NABITA developed "BIT in a Box," a comprehensive guide for implementing, developing, and enhancing a BIT/CARE team.

BIT in a Box is designed to enhance your professional knowledge through a mix of NABITA's resources: Including research articles, tip sheets, demonstration videos, webinars, whitepapers, and more. BIT in a Box offers four different professional development series:

BIT Operations

BIT Operations for K-12

Case Management

Threat & Violence Risk Assessment

### CARE Team Manual

BITs struggle to develop a policies and procedures manual due to labor intensive guidelines and limited resources. The CARE Team Manual is an editable template that can be leveraged as a starting point from which to copy and paste material into customized manuals.

**These are just a few of the many benefits of a NABITA Super Membership. This investment truly pays for itself and has proven to be an invaluable resource for schools and institutions across the country!**
