

# FOUR REASONS CLIENTS ENGAGE TNG CONSULTING

Our External Resources = Your Internal Solutions

## COMPLEXITY

Cases involving Title IX, civil rights, free speech, sexual misconduct, sexual harassment, suicidality, and mental health tend to be nuanced and require a high degree of expertise and experience.

## CONFLICT

In cases where more than one role needs to be filled internally, TNG has expertise in all areas of Title IX, as well as violence and risk assessment, to maintain neutrality.

## MENTORSHIP

Our team of experts can provide guidance and training for your Title IX, Behavioral Intervention, or Threat Assessment teams during processes that may be new and unfamiliar.

## HIGH-PROFILE

Our firm has been engaged by many institutions involved in high-profile cases. In such instances, our clients were able to show due diligence and integrity by engaging TNG as an unbiased, third-party expert.
